

SUMMARY

A high quality 90mm pinch pleat with two rows of strong woven pockets, this popular tape is easy to use and produces excellent results.

Pockets

Two rows of strong woven pockets give the option to hang the curtains below a pole or to hide a track. Use of pinch pleat hooks recommended.

Draw Cords

Specially constructed polyester draw cords are used. The use of tubes to hold the cord creates strong, proud pleats with 2.2 times fullness when the tape is fully gathered.

Make Up

The tape is available as 50m rolls in dispensing boxes with labels to suit

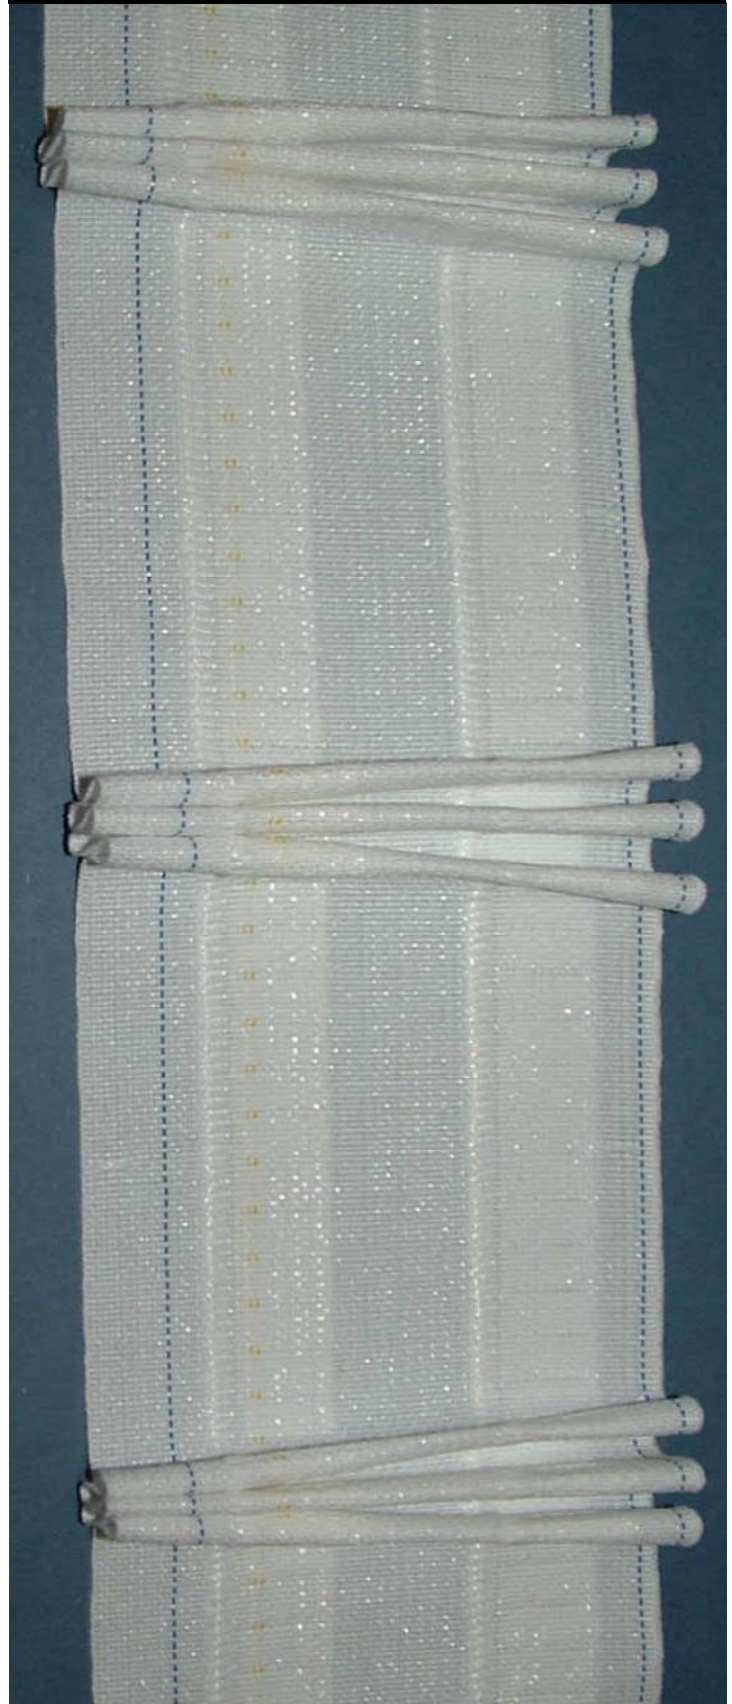

OTHER COMMENTS

This tape will compliment light—medium weight curtains. The classical triple pinch pleats are presented in a fan design to create a luxurious and classical appearance.

Special draw cords will hold the pleats in place but a small stitch on each pleat is recommended for an improved long lasting appearance.

If you have any questions relating to the use or performance of curtain tapes please contact us.
